New Billing Dates

In order to expedite billing we have decided to standardize billing dates. We have always strived to keep costs low and to be competitive with other alarm companies who require long-term and complex contracts. We are proud of the fact that we have provided reliable service since 1999. Effective January 1, 2016 (Jan 15, 2016 billing cycle), billing rates and dates are:

Monitoring Paid 6 months in Advance

\$179.70 (\$29.95/mth)

Billed June 15th

and

December 15th

Monitoring Paid 12 months in Advance

\$335.40 (\$27.95/mth)

Billed December 15th

Lease/Monitoring Agreement: http://www.spsalarms.com/sps_agmt.html
September 2015 Newsletter: http://www.spsalarms.com/09_2015.pdf
December 2015 Newsletter: http://www.spsalarms.com/12_2015.pdf

(All payments are due on or before the 1st of the coming month immediately following the 15th billing date. Accounts not paid current by the 1st of the month are subject to the \$10 late fee.)

Are You Switching Your Phone Service?

Many customers are changing from land based home phones to IP phones or internet phones. Please remember when using those services that additional equipment may be necessary for your alarm to function properly. Please call our office before subscribing to those services.

Has Your Phone Number Changed?

If your phone number or any of your listed contacts have changed telephone numbers, please notify us so that changes can be made on your account.
